Respected Madam Swaminathan,

My deepest condolences on the demise of Hon'ble Prof. Swaminathan. Sir has left to his heavenly abode after completing his worldly journey. I was in tears and could not sleep to hear this sad news as I was deeply and sentimentally attached to Prof. Swaminathan. Madam, we are helpless before God. This is the bitter truth of life which one has to face any time in the span of life. My humble submission to your kind honour is that to please take care of yourself accepting the will of God. There are very few people like Hon'ble Prof. Swaminathan Sir born on this earth after ages who are so gentle and humane to each and every won. This is what Sir has earned due to his pious "Karmas". He will ever remain alive in our memories.

Again my heart-felt condolences at this time of sorrow and grief. Please do count me if I can be of any service to your kindself any time. Madam, only Sir has gone but my wishes and sentiments for Sir are still alive and will remain alive till I am available on this planet.

With profound grief and heavy heart,

Yours sincerely,

(Ashok Arora)
