Subject: Condolences

Dear All

My heartfelt grief on passing away of respected Father of Green Revolution in India Dr. M.S.S. The only time I met him was in Delhi, in his official MP residence, when Dr. Virendra Kumar took him there.almost 10 years ago. It is a shocking news, but I am glad that he lived long enough much more than average Indian lifespan. Now I ask God to console the family, friends, near and dear ones, and the Institution and staff he had left behind to carry His legacy to the next generations.

Regards.

DINESH ALBERTSON, W.
