Dear Dr Saumya Swaminathan,

We are deeply saddened to learn about sudden demise of Professor Swaminathan, popularly known as father of the Green Revolution which saved billions of life in South Asia in general and India in particular.

The scientific community holds Professor Swaminathan in very high esteem we associated with him for the last 50 years will miss his presence amidst us.

My wife Rasmi joins me in praying Almighty to grant eternal peace to the departed soul and give you strength to bear the loss and carry forward the mission of Professor Swaminathan to serve the humanity through

MSSRF now headed by you.

HS Gupta

Ex- DG, Borlaug Instt. for South Asia &

Ex- Director- IARI
