Subject: Fwd: Condolences

> Respected Dr Soumya,

>

> In the passing away of Dr M. S. Swaminathan, the world in general and India in particular, has lost a great personality. As Chairman of BAIF from 2012 onwards, I've had the honour of interacting with Dr Swaminathan only a few times, but had heard regularly about him from my father Shri Arvind Mafatlal, who held him in great esteem.

> His uniqueness lay in his very high intellect interwoven with a humble heart and compassionate nature— an extremely rare, virtually unheard of combination in today's world.

> All my colleagues from BAIF had deep admiration for his personal qualities and feel his loss.

> Please accept my condolences and my prayers for this great soul to achieve his higher destination.

>

> With kind regards,
