

Dr Swaminathan is a legendary scientist, a vocal voice for many voiceless people and a staunch support of sustainable farming and coastal ecosystem. The Foundation created by him stand as a testimony for the principles he stood for all through his life and has a great one to carry forward his legacy. We, from BOBP-190, pay our respect and prayers to the departed soul to rest in peace and a promise and commitment to take forward his cause, in every possible way.

P Krishnan, BOBP-190
