Dear Dr. Soumya,

I am deeply saddened by the passing away of your father, Dr. M.S. Swaminathan .  
He was a trail blazer and a household name when I was growing up.  
His achievements make many of us feel we have so much more to do !  
There are very few people in this world who leave such an impact and following behind.  
Truly an inspirational leader ! You and your siblings should be really proud of having had  
him as a mentor and guide !

Please accept my heartfelt condolences to you and your family and prayers.

Best regards and wishes for you to continue on this journey.
