Subject: Heartfelt Condolence

We have lost selfless pioneer in the demise of world-renowned DrM.S.Swaminathan,doyen among agricultural scientists who contributed to make India Self sufficient in food production through Green Revolution

I recall my fruitful association with him as Vice chancellor of Anna University and participating in research and extension activities

May his soul rest in peace

May God Almighty give strength to his family members and members of Foundation

R.M.Vasagam

Former VC Anna University
