Subject: Sincere condolences on the loss of DR MS

Dear Soumya and Nitya,

I am very saddened to hear about the loss of our beloved professor, Dr. MS Swaminathan. Generations will benefit from his extraordinary contributions to humanity and Asia's food security. Among the privileged few who got to work with him, we will remember his passion for sustainable agriculture and the extraordinary kindness that radiates from him. The vacuum one of my greatest mentors left on me is vast.

Sincerely,
Senthil Nathan
