**Subject: Condolence**

Dear Soumya:

I am so sorry to hear about the passing of your father. He was quite obviously one of the finest individuals that made lasting contributions to the Indian economy.

I remember reading about his work when I was a student of Economics in a course on Agriculture.

To be able to change the course of lives of so many, he was truly exceptional.

I wanted to reach out and offer my condolences to you and your family.

Regards,  
Shailender
