

This nation lost a great person who spend his life time for farming community and who saved millions of poor people from starvation deaths. My deepest condolence to all the family members. Since 2002, my association with Prof Sir as a student, but today I am missing him. A motivator, strong inspiration, a person full of humble and ethical way of life. I wish for him the only honour missed in this country is “BHARAT RATHNA”. I wish soon it must be honoured for him.

Yours

Balagala Surender
