Dear Nitya didi,

Dr. Swaminathan, got introduced to us at home at a very young age as papa's respected teacher. It has been so enriching to hear all the stories of his generosity, kindness and commitment for the bigger purpose! Please accept our heartfelt condolences on his departure from earth but we now have him as an angel blessing us from heaven.

We believe that such a legend shall always remain with us and guide us in forwarding the cause he has stood by.

Please take care of yourselves. Love to Soumya di, Madhura di and you 🙏

Regards

Vaishali and Priya Chopra
