Respected Executive Director,

I would like to express my sincere condolences on the recent passing away of grandsire Dr Mankombu Sambasivan Swaminathan. I am falling words to express my deep sorrow on this occasion.

I did come to realize his great kindness and compassion towards those less fortunate than him. I do know that he was very highly respected throughout this country and world, and his good works changed the lives of many.

His kind self was my guide and together we shared some research aspects on, “Water” (Water: The Pacemaker for Life of Earth*). In each and every difficult time, I am with MSSRF and the it’s human resources. I would like to pray with the bottom of my heart from Almighty to grant his soul peace and all the strength to all his loved ones to face the dark situations.

Please accept my heartfelt condolence and sympathy.

Sincerely Yours,

Vitthalrao B. Khyade
